### **LETTERS to the Editor**

#### **Stewart is name-called**

“Boardies” are calling me names again, like “malcontent,” “trouble-maker” and “phantom group.”

Most-recent-name-caller Barry Spinka (“Stewart a trouble-maker,” Sun City Independent, July 8, 2009) is vice president of the Computer Club of Sun City, which is largely responsible for the \$20 million Fairway Recreation Center project without a membership vote. This requires the \$2,500 preservation and improvement fund to pay for it. His name-calling doesn’t address our legitimate concerns: Outrageous spending, mismanagement and the board’s awesome ability to remove elected officials without member approval.

The members should hold onto their wallets when Barry’s around — he may want something else we can’t afford.

#### **Anne Randall Stewart**

Sun City Formula Registry spokeswoman
